

## RN to BSN Program

The RN to BSN Nursing Program is designed for and limited to individuals who are licensed as registered nurses (RN) in the United States. This program is designed to articulate with many two year Associate Degree Nursing (ADN) programs. The RN to BSN program prepares registered nurses to assume leadership roles as an integral nurse at the bedside, within an organization, in the community and the profession. The Program provides a unique and innovative nursing curriculum that is based upon the Theory of Integral Nursing. Through an integrative and holistic care focus, this Program prepares nurses to provide holistic, intentional, relationship-centered care that addresses individual and collective health.

The program requires 129 semester hours of credit for graduation. Forty-one credits of lower-division courses, to include nursing courses from an Associate Degree in Nursing program, will be applied toward the BSN degree. Students must then complete a total of forty-two credits of upper-division courses: 30 nursing credits and 12 elective credits from courses with Nursing (NURS) prefix, an Integrative Health Studies (IHS) prefix, or other approved upper division course(s).

### Application Process

In order to apply to Northern's RN to BSN program, you must meet the following criteria:

1. Hold an unencumbered RN License from New Mexico or hold a compact multi-state RN license.
2. Have completed an Associate Degree in Nursing (ADN) or a Nursing Diploma.
3. Complete the RN to BSN Program Application Form.

### Once accepted into the program you must:

1. Be proficient in computer skills, to include Internet research, word processing and email.

### Transfer of Credit

1. Graduates of Associate Degree Nursing programs can transfer lower-division credits to Northern. Official transcripts must be sent to the Office of Admission, which will evaluate and accept coursework.
2. Credit earned in a nursing diploma program will be evaluated on an individual basis.
3. Only college-level courses with a grade of C or better will transfer.
4. Graduates of foreign programs who can demonstrate competency through the NLN mobility exam will be eligible to transfer 41 credits.
