NNMC is responsive to the needs of its Collaborative Partners.	0.0%	0.0%	38.1%	57.1%	4.8%

On a scale of 1 to 10, how would you rate the overall Collaborative Partnership between your organization and NNMC relative your objectives?

1=poor    2    3    4    5    6    7    8    9    10=excellent

List one or two Strengths or areas of satisfaction relative to your Collaborative Partnership with NNMC

- I have an excellent relationship with SOL Director and interact with him on a regular basis, also with EOC Director on occasion.
- Communication
- Good people (students). Excellent teachers.
- Classes offered at Chama Valley by NNMC Collaboration between the two entities.
- Staff is always willing to assist RAC with any questions. Other course interest are looked at and scheduled.
- Love how prepared students are. Thank you for giving us the opportunity to educate on Hospice philosophy.
- The caliber of students in 1st and 2nd year.
- Most of the professors are interested in the success of their students. Dean is extremely helpful.
- Partners are always willing to provide leadership, information, and provide assistance concerning educational matters. Respond quickly.
- NCGR has been very pleased with the level and quality of interaction with NNMC faculty and students.
- Educating willing students that want to be at St. Vincent Hospital in medical radiography.
- The commitment to serve SSS-TRIO Students is very apparent. We enjoy the visits from the SOL Program.
- Collaboration - teacher training
- Cecelia has demonstrated very professionally her ability to make our requests easy and is very helpful and responds in a timely manner.

List one or two opportunities for improvement relative to your Collaborative Partnership with NNMC

- None at this time (4)
- I have been here for one year, but have not had interaction with NNMC.
- Students should have an evening and weekend rotation to round them out for experience.
- In response to question: NNMC responds to inquires in a timely manner, Reply: No experience to this objective.
- I dislike the repeated inconvenience of not being informed about what is needed for completion of paper work. Each trip to NNMC results in having to return with more papers.
- Develop an advisory board to meet twice a year to discuss decisions being made at the program level that directly impacts hospitals that will eventually hire your students.
- There needs to be the annual clinical co-ordinators meeting to discuss issues for improvements.
- Would appreciate more information on your Alternative Licensure Program (Plan of Studies)
