

## Sample evidence of shared data via Google Docs

--Access to documents will be available during on site visit

**Kristy L Pruitt**

Jan 19 (3  
days ago)

to me, Rose, Christina, Tamara

I sent out many documents last night and did not want this one to get "lost in the crowd" because it is very important...

Dear ALL,

As per request, the data are attached (**Spring 2014, Fall 2014, Spring 2015, Fall 2015**) and have been reconfigured to show dissemination based on program and year and the following items have been added:

- ACT competency descriptions (**all 52 items**) for **all 9 areas**
- ACT Assessment Rating
- ACT data specifically outlining the **Knowledge Principle: Assessment**
- ACT data specifically outlining the **Knowledge Principle: Diversity**

For convenience, the documents are in pdf form but are available as spreadsheets and accessible via Google Docs. Also for convenience, the documents have been labeled in chronological order from earliest data to present.

On the contrary, the reconstructing of the data was not a simple "cut and paste" solution, but I think the decision to do so will certainly enhance our evidence and was necessary. All data figures were contrived using the excel program system, and I did not "guess" on any of the numbers.

thanks,

kp

to me, Dolores, Tamara, Rose, Christina

Dear ALL,

The COE Handbook and Program Documents have been shared with Sandy Krolick via Googledocs in order to update the COE Website and for the convenience for faculty, staff, and students. Sandy was made aware that the COE is preparing for accreditation and the update would be much appreciated at her earliest convenience.

Thanks,

tt & kp

Jan 20 (2 days ago)

to me, Tamara

The evidence has been made available on Googledocs (and all COE invited to view it) and I provided a pdf as well for convenience (see attached).

## Field Placement Committee Meeting CHANGED

**Kristy L Pruitt <kristy.pruitt@nnmc.edu>**

10/14/14

to Tamara, Sarah, Regina, Christina, me

Good afternoon,

I regret that the Field Placement Committee Meeting will need to be cancelled for Friday, October 17 (9:30-10:30). I had a student teacher (in Taos) that needed to reschedule an observation for Friday, October 17 in order to allow for me to have the opportunity to watch her students create and present an "awesome" project. Therefore, we will reschedule the meeting for Tuesday, October 28 from 1:15- 2:15. I hope this works well with your schedule. If not, we will have an alternate meeting option (ZOOM) available.

Also, I apologize for the delay but the documents for review (for website) are attached. The documents are also available (for editing) in GoogleDocs (do not have shared drive ready at this time).

Thank you,  
kp
