

4.3.f Data Table on Demographics of P-12 Students Used for Clinical Practice

Teacher candidates in the BA and ALP programs engage in a series of field-lab experiences culminating in a semester of clinical practice. The field experience coordinator assures a diversity of placements. In these settings, teacher candidates work with populations of diverse students to include students with exceptionalities. Teacher candidates are placed primarily within but not limited to the following four school districts. Below are demographics of P-12 students within these school districts.
