BACHELOR OF ARTS ELEMENTARY EDUCATION

The Elementary Education program is designed so that teacher candidates may earn a baccalaureate degree in Elementary Education completely at Northern. Upon successful completion of the BA program and passing scores on the required State of New Mexico Teacher Assessments, teacher candidates will be eligible to apply for a teacher license through the New Mexico Public Education Department. This program meets the New Mexico Public Education Department's (PED) Entry-Level Teacher Competencies and the Interstate New Mexico Teacher Assessment and Support Consortium (INTASC) Standards. This program prepares teacher candidates to work in diverse educational settings in grades kindergarten through eight. Teacher candidates can choose from one of the following three (3) minors:

Bilingual Education—Work effectively in the classroom with diverse bilingual students, and engage collaboratively with colleagues, families and communities for student success.

TESOL (Teaching English to Speakers of Other Languages)—Teach English to non-English speakers.

Humanities and Social Sciences—Specialize in some middle school content areas.

Personal Interview—Once your application materials are received and prior to acceptance into the BA Program, you will be interviewed by the College of Education Interview Committee.

NMTA TESTS—Teacher Candidates must provide proof of passing all of the required State of New Mexico teacher assessments before enrolling in ED 479 Student Teaching.

Assessment of Candidate Learning—Teacher candidates must maintain a specific GPA determined by the College of Education to remain in good standing in the program. In addition, your progress will be evaluated by: 1) providing proof of passing all of the required State of New Mexico teacher assessments, 2) an entry-level teacher, competency-based collection of artifacts; and 3) practicum and student teaching observations and self-assessments. Courses in which the teacher candidates earns a grade of C- and below do not count towards graduation or certification and do not meet criteria for satisfying prerequisites.

Note: Advising faculty should initial and date. Place copy in student file and a copy to student.
