

## 2016 Survey of Student Satisfaction with Undergraduate Education (Question 7)

*Each academic year, NNMC administers a survey designed by the Council of University Presidents (New Mexico's six universities). The survey is for graduating seniors in their respective student bodies to elicit students' perceptions regarding their undergraduate educational experiences. The universities developed a common set of questions, so all institutions would have comparable information on their students' satisfaction with their educational experiences.*

*In the body of this PEP report, each institution has reported summary information on its graduating seniors' satisfaction with a number of factors related to the university's undergraduate curriculum/instruction, support services and an overall assessment of their educational experiences at the university. The results for NNMC question 7 (placement) is provided below.*
