BACHELOR'S OF ARTS EARLY CHILDHOOD EDUCATION STUDIES (Non-Licensure Pathway)

NNMC offers an Early Childhood Education Bachelor's degree (Non-Licensure Pathway).

This Competency-based program is a part of the New Mexico Early Childhood Higher Education Articulation and will prepare students to teach children age 3 through grade 3. Graduates of the program will be able to provide high-quality care and education to young children through experiential learning and developmentally appropriate practices.

Personal Interview

Once your application materials are received and prior to acceptance into the BA Program, you will be interviewed by the College of Education Interview Committee.

Assessment of Candidate Learning

Teacher candidates must maintain a specific GPA determined by the College of Education to remain in good standing in the program. In addition, your progress will be evaluated by: 1) providing proof of passing all of the required State of New Mexico teacher assessments, 2) an entry-level teacher, competency-based collection of artifacts; and 3) practicum and student teaching observations and self-assessments.

Courses in which the teacher candidates earn a grade of C- and below do not count towards graduation or certification and do not meet criteria for satisfying prerequisites.

Note: Advising faculty should initial and date. Place copy in student file and a copy to student.
