3.10 The use of one gender term shall be interpreted as including all genders.

3.11 "Day" shall mean one working day (Monday through Friday) when the College is open.

3.12 "Administration or Administrator" shall mean any administrator who is not part of the bargaining unit and is a management or supervisory employee, i.e., Dean, Vice President for Academic Affairs/Provost, President, or their designee.

3.13 "Deadline" shall mean any deadline in the agreement that falls on a non-working day shall be moved to the next working day.

A credit hour could be of three types: T (theory) that consists of 50-minutes of instruction (or one contact hour); S (studio) that consists of 100-minutes of instruction (or two contact hours); and L (lab) that consists of 150-minutes of instruction (or three contact hours).

Article 4. DISCRIMINATION

The College shall adopt a Board policy protecting all employees from discrimination, which shall be incorporated herein as a condition of this Agreement.

Article 5. AGREEMENT CONTROL

5.1 This Agreement has been executed and will be implemented in accordance with the Constitution and laws of the United States of America and the State of New Mexico.

5.2 If any College policy, regulation, handbook, or directive conflicts with any provision of this Agreement, the Agreement provision will control.

5.3 This Agreement may only be modified or waived through a written agreement between the College and the Federation.

5.4 The College will not implement any change that specifically conflicts with, and will abide by, the terms of this Agreement and applicable College policies, rules, handbooks and regulations. The Federation and the faculty will abide by the conditions of this Agreement and applicable College policies, rules and regulations.

5.5 Unless otherwise specifically stated herein, the provisions of this Agreement shall be applied equally to all members of the bargaining unit.

5.6 Any proposed addition, deletion, or change to any provision of the NNMC Faculty Handbook that involves terms and conditions of employment of faculty bargaining unit members may be negotiated by the College and the Federation into this Agreement.

Article 6. MANAGEMENT RIGHTS

The supervision of all faculty members, the management of all campuses, instructional programs, and College facilities is the responsibility and obligation of the Board of Regents and the College Administration. Management retains all rights not specifically limited by this Agreement.

Article 7. FEDERATION RIGHTS

The Federation, as the exclusive representative for all members of the Bargaining Unit, has the rights listed below:

7.1 Use of Bulletin Board Space. The Federation shall be permitted to use bulletin board space on faculty bulletin boards in academic buildings on College campuses to post Federation announcements and information. No material that is libelous, of a partisan political nature, or which is of a personally derogatory nature shall be posted by the Federation. The College may remove any material that violates this provision and shall provide written notification to the President of the Federation of such removal.

7.2 Use of College Property. The Federation shall be allowed to schedule and conduct meetings at College campuses by reserving space for such meetings in accordance with policy or approved procedures established by the College as long as doing so does not interfere with instruction or administrative activities.

7.3 Use of College Mail and Email. The Federation shall have the right to use campus mail and electronic communication such as email for Federation business and to communicate with the members of the Bargaining Unit.

7.4 The College shall provide payroll deduction of Federation membership dues for employees who authorize in writing the deductions in an amount specified by the Federation. Requests for such deductions shall be honored by the College provided the deduction request is submitted to the College's payroll office on a properly executed authorization form, of which a copy is attached to this Agreement (Appendix A). The authorizations may be submitted to the payroll office at any time and the deductions will commence in a timely manner. Normally, in order for the deduction to be reflected in the biweekly paycheck, the authorization must be submitted to the payroll office by the 30th or the 15th of the month, respectively. The College agrees to transmit the amount collected to the Treasurer of the Federation in a timely manner, normally within fourteen (14) workdays. Dues deductions may be discontinued or revoked by the faculty member by filing such notice with the College payroll office. The College will discontinue the dues upon receipt of the copy in the same manner as the initial authorization. Dues deductions shall continue without further authorization for the term of this Agreement unless the authorization is revoked by the faculty member as provided herein. The Federation shall notify the payroll office and the faculty member of any change in the amount to be deducted which shall be implemented in the same manner as authorizations. The Federation and its membership and members of the bargaining unit agree to hold the College safe and harmless against any legal action concerning compliance with is provision.

Article 8. EMPLOYEE INVESTIGATIONS

8.1 The College has the right to investigate all allegations of faculty misconduct.

8.2 A faculty member may be placed on administrative leave with pay during an investigation involving the faculty member.

8.3 When necessary, during an investigation, the college may enter a faculty member's office. The affected faculty member and his/her Federation representative shall be given reasonable notice prior to entering the faculty member's office. The faculty member and/or Federation representative may observe, but not interfere with, the college's entry of the office to conduct an investigation. For purposes of this paragraph, reasonable notice shall be at least 24 hours' notice in writing, prior to entry of the office.

8.3.1 Under exigent circumstances such as, but not limited to, an emergency affecting safety and security or allegations of criminal activity, the college may enter a faculty members office to conduct an initial investigation and/or to secure property, data, documentation or other items stored within the office. Within one work day of an entry under paragraph 8.3.1, the college shall notify the affected faculty member and his/her Federation representative.

8.4 When the faculty member is under investigation, the faculty member may be represented by a Federation representative in any meetings with the College.

8.5 During investigation, no documentation or information related to the matter under investigation will be placed in the faculty member's personnel file or released publicly unless required by law. If the investigation does not result in disciplinary action, no documentation will be placed in the faculty member's personnel file.

8.6 Any actions, other than dismissal, taken by the Administration as a result of such an investigation may be grieved under Article 11 (GRIEVANCE PROCEDURE) if the action is alleged to constitute a violation of this Agreement. Dismissal may be grieved according to Article 13 (TERMINATION: DISMISSAL FOR CAUSE).

8.7 The parties acknowledge the need for expeditious investigations and agree to cooperate in achieving that goal.

Article 9. ACADEMIC FREEDOM

The personal life of a faculty member is not a proper concern of the College, provided that it does not adversely affect or interfere with the faculty member's effectiveness in fulfilling his or her professional obligations.

The College is committed to the promotion of responsible academic freedom for its faculty and students. The major premise of academic freedom is that open inquiry and expression by faculty and students is essential to the College's mission. Academic freedom shall be understood to include but not be limited to the following:

9.1 Academic freedom means that both faculty members and students can engage in intellectual debate without fear of censorship or retaliation.

9.2 Academic freedom establishes a faculty member's right to remain true to his or her pedagogical philosophy and intellectual commitments. It preserves the intellectual integrity of our educational system and thus serves the public good.

9.3 Academic freedom in teaching means that both faculty members and students can make comparisons and contrasts between subjects taught in a course and any field of human knowledge or period of history.

9.4 Academic freedom gives both students and faculty the right to express their views — in speech, writing, and through electronic communication, both on and off campus — without fear of sanction, unless the manner of expression substantially impairs the rights of others or, in the case of faculty members, those views demonstrate that they are professionally ignorant, incompetent, or dishonest with regard to their discipline or fields of expertise.

9.5 Academic freedom gives both students and faculty the right to study and do research on the topics they choose and to draw what conclusions they find consistent with their research, though it does not prevent others from judging whether their work is valuable and their conclusions sound. To protect academic freedom, universities should oppose efforts by corporate or government sponsors to block dissemination of any research findings.

9.6 Academic freedom means that the political, religious, or philosophical beliefs of politicians, administrators, and members of the public cannot be imposed on students or faculty.

9.7 Academic freedom gives faculty members and students the right to seek redress or request a hearing if they believe their rights have been violated.

9.8 Academic freedom protects faculty members and students from reprisals for disagreeing with administrative policies or proposals.

9.9 Academic freedom gives faculty members and students the right to challenge one another's views, but not to penalize them for holding them.

9.10 Academic freedom protects a faculty member's authority to assign grades to students, so long as the grades are not capricious or unjustly punitive. More broadly, academic freedom encompasses both the individual and institutional right to maintain academic standards.

9.11 Academic freedom gives faculty members substantial latitude in deciding how to teach the courses for which they are responsible.

9.12 Academic freedom guarantees that serious charges against a faculty member will be heard before a committee of his or her peers. It provides faculty members the right to due process, including the assumption that the burden of proof lies with those who brought the charges, that faculty have the right to present counter-evidence and confront their accusers, and be assisted by an attorney in serious cases if they choose.

9.13 Academic freedom includes the assessment of student academic performance, including the assignment of particular grades and the following principles in assigning grades: (1) the individual faculty member has the responsibility for the assignment of grades; (2) students should be free from prejudicial or capricious grading; and (3) if the instructor does not initiate a change of grade, no grade may be assigned or changed without following the Grade Appeal Process of NNMC. The review of a student complaint over a grade should follow the current procedure established by the Scholastic Standards Committee.

9.14 Academic freedom does not mean a faculty member can harass, threaten, intimidate, ridicule, or impose his or her views on students, college faculty members, staff members, college administrators, and other members of the college community.

9.15 Student academic freedom does not deny faculty members the right to require students to master course material and the fundamentals of the disciplines that faculty teach.

9.16 Neither academic freedom nor tenure protects an incompetent faculty member from losing his or her job. Academic freedom thus does not grant an unqualified guarantee of lifetime employment.

9.17 Academic freedom does not protect faculty members from colleague or student challenges to or disagreement with their educational philosophy and practices.

9.18 Academic freedom does not protect faculty members from non-college penalties if they break the law.

9.19 Academic freedom does not give students or faculty the right to ignore college regulations, though it does give faculty and students the right to criticize regulations they believe are unfair.

9.20 Academic freedom does not protect students or faculty from disciplinary action, but it does require that they receive fair treatment and due process.

9.21 Academic freedom does not protect faculty members from sanctions for professional misconduct, though sanctions require clear proof established through due process.

9.23 Neither academic freedom nor tenure protects a faculty member who repeatedly skips class or refuses to teach the classes or subject matter assigned.

9.24 Academic freedom does not allow a faculty member to prevent a talk or a performance.

9.25 Academic freedom does not protect a faculty member from investigations into allegations of scientific misconduct or violations of sound college policies, nor from appropriate penalties should such charges be sustained in a hearing of record before an elected faculty body.

9.26 Control of presentation includes selection of subject matter including online resources (e.g. publisher's website content) to be covered and of textbooks and other materials to be used. Because these choices are reflected in various administrative concerns, decisions as to topic coverage and selection of texts and materials are subject to the approval of the faculty member's immediate supervisor. Mindful of the importance of academic freedom, the immediate supervisor shall not disapprove a faculty member's decision in these areas arbitrarily or without justifiable cause. In the event faculty members believe disapproval of their texts or materials by their supervisor is unjust, they may appeal to the next higher administrative level as explained in the grievance procedure.

Article 10. PROGRESSIVE DISCIPLINE

10.1 The Federation and the College agree that the general purpose of discipline is to correct unsatisfactory performance and/or misconduct. Any discipline requires good and just cause. Progressive discipline may be utilized when management determines that the merits of a particular case warrant such an approach. Progressive discipline will not be utilized when management determines that an employee's action(s) are so egregious that such an approach is inappropriate.

10.2 Progressive discipline starts with the least severe discipline and progresses to more severe discipline depending on the circumstances. Examples of the least severe discipline consist of verbal and written warnings. More severe disciplines consist of written reprimands, suspensions and terminations.

10.3 Faculty member shall be entitled to Federation representation at any meeting called to deliver a verbal warning, a written warning, administer a letter of reprimand or more severe disciplinary action or any meeting which may result in discipline.

10.4 Faculty member may be discharged in accordance with Article 13 (TERMINATION:DISMISSAL FOR CAUSE).

10.5 Discipline is designed to give a faculty member an opportunity to correct employment behavior and performance. Every reasonable effort will be made to ensure acceptable work performance by employees. When problems with employee behavior that affects the workplace or performance arise, a supervisor will seek to correct the problem with the least amount of disruption to the work environment. Serious infractions may result in immediate suspension from work with or without pay.

a. Verbal warning

An employee is issued a verbal warning for minor infractions or to correct minor faults in an employee's job performance. Verbal warnings are issued during a private conference between the supervisor and the employee where the supervisor explains the problem and recommends a process the employee must accomplish to return to satisfactory status. The employee is informed that the conference is being conducted for the purpose of issuing a verbal warning.

b. Letter of reprimand

Should contain the following information: a description of the specific problem or offense, the most recent incident and when it occurred, previous unsatisfactory behavior or performance related to the reprimand, and a statement that further unsatisfactory behavior or performance may result in further disciplinary action. The written reprimand is issued and discussed with the employee in private conference with the supervisor and must have been discussed with the employee previously. A copy of the written reprimand will be given to the employee and a copy placed in the employee's official personnel file. The written reprimand will also specify a review period, if appropriate, in which the employee's behavior or performance will be reviewed. The length of the review period will be no longer than one year.

c. Discipline resulting in dismissal must follow Article 13 (TERMINATION:DISMISSAL FOR CAUSE).

10.6 Unapproved absences may result in disciplinary action.

10.7 Grievances of disciplinary actions are governed by Article 11 (GRIEVANCE PROCEDURE).

Article 11. GRIEVANCE PROCEDURE

11.1 Purpose

The purpose of this grievance procedure shall be defined as a claim that a provision or provisions of this agreement have been violated. The Federation and the College agree that this is the only grievance procedure available to faculty members of the bargaining unit.

11.2 Definitions

- a. A “grievance” shall be defined as a dispute pertaining to a claim that alleges a violation of this Agreement.
- b. A “grievant” shall be any faculty member, group of faculty members, or the Federation.
- c. “Days” shall mean workdays and shall not include holidays or recesses observed by the College.

11.3 Procedures

- a. Grievance proceedings shall be kept informal and confidential at all levels of this procedure. Breach of confidentiality may result in disciplinary action.
- b. The number of days indicated at each level of this procedure shall be considered a maximum, and every effort shall be made to expedite the process.
- c. If the College fails to comply with the time limit requirements as set forth under any of the procedure levels, the grievance shall be considered automatically appealed to the next level of the procedure.
- d. If the grievant fails to comply with the grievant’s time limit requirements as set forth under any of the procedure levels, the grievance shall be considered null and void.
- e. The time limits set forth herein may be extended provided the extension has been mutually agreed upon in writing by the parties.
- f. A grievance shall not be considered unless the grievant files the grievance no later than ten (10) days after the grievant knew or reasonably should have known of the action that precipitated the grievance.
- g. No reprisal or retaliation by any party to the grievance shall be taken against any party as a result of participation in the proceeding of a grievance.
- h. A grievant and the party charged may be accompanied and represented at any hearing or meeting conducted under this procedure.
- i. A faculty member, acting individually, may present a grievance without the intervention of the Federation provided the grievance has been processed in accordance with this procedure. At any hearing of a grievance brought individually by a faculty member, the Federation as a party to this Agreement, will be afforded the opportunity to be present and present its views. Any adjustment made shall be consistent with the provisions of this Agreement.
- j. If a grievance affects a group of two or more faculty members of the bargaining unit or involves a decision or action by the College that has a system-wide impact, the Federation may submit the grievance on behalf of the affected faculty members at Level Two of this procedure. The parties may submit this grievance at Level One if all of the members of the bargaining unit affected by the grievance have the same supervisor.
- k. The parties shall cooperate in any investigation that may be necessary in order to expedite the process.
- l. All documents related to a grievance shall be maintained in a separate grievance file and shall not be kept in the personnel file of any of the grievance participants.
- m. All grievances and grievance responses shall be filed and processed on grievance forms mutually agreed upon by the parties and contained in an Appendix of this Agreement.

n. Unless otherwise agreed to by the parties, the processing of grievances shall be conducted during non-instruction time.

o. All decisions shall be submitted in writing at each step of the grievance procedure and the decision shall be submitted to both the grievant and the Federation.

11.4 Level One

a. A grievant shall first submit the grievance in writing to the grievant's immediate supervisor, either directly or through the grievant's Federation representative, with the objective of resolving the issue informally.

b. If the grievance is not resolved with the immediate supervisor, or the immediate supervisor has not responded within ten (10) workdays of the grievance filing, a grievance may be filed at Level Two.

c. If the immediate supervisor has no authority to resolve the grievance, the grievance may be submitted by the grievant directly to Level Two. Management may defer the grievance back to Level One if the supervisor at that level has the authority to address the grievance, so long as such deferral takes place within ten (10) days of receipt of the grievance.

d. If the grievant is not satisfied with the immediate supervisor's disposition, the grievant may appeal the grievance to Level Two (the Dean) no later than ten (10) days following the receipt of the immediate supervisor's decision.

11.5 Level Two

a. No later than ten (10) days following receipt of the written grievance, the Dean shall schedule a meeting in an attempt to resolve the grievance. Each party shall be entitled to bring documents and/or witnesses to the meeting in order to present evidence on their behalf. Each party shall have the right to question witnesses brought by the other party.

b. No later than ten (10) days following the conclusion of the meeting, the Dean shall submit the written response to the grievant and the Federation.

11.6 Level Three

a. If the grievance is not settled at Level Two and the grievant(s) or the Federation (with concurrence of the grievant) wish to appeal the grievance to Level Three (Provost), it shall be appealed, in writing, to the Provost within ten (10) workdays after receipt of the decision at Level Two.

b. No later than ten (10) days following the conclusion of the meeting, the Provost shall submit the written response to the grievant and the Federation.

11.7 Level Four

a. If the grievance is not settled at Level Three and the grievant(s) or the Federation (with concurrence of the grievant) wish to appeal the grievance to Level Four (President or designee), it shall be appealed, in writing, to the President within ten (10) workdays after receipt of the decision at Level Three.

b. Within ten (10) workdays the President, or the designated representative, provided said person has not been previously involved in Levels One, Two or Three, shall discuss the grievance with the grievant(s) and Federation representatives, if so desired, at a time mutually agreeable to the parties. If no settlement is reached, the President, or the designated representative, shall give a written answer within ten (10) workdays following such meeting.

11.8 Arbitration

- a. If both the grievant and the Federation are not satisfied with the President's written disposition, the Federation may appeal the grievance to arbitration by submitting a written request for arbitration to the President no later than ten (10) days following the receipt of the President's or designee's written decision.
- b. The arbitrator will be selected from a list of five (5) arbitrators requested from the Federal Mediation and Conciliation Service (FMCS) or American Arbitration Association (AAA). The arbitrator shall be chosen through the process of alternatively striking arbitrators until one (1) remains. The order for striking shall be determined by the parties by the flip of a coin. This process shall be conducted no later than ten (10) days following receipt by the parties of the list of arbitrators from FMCS or AAA.
- c. The arbitrator shall conduct a hearing as soon as possible. The arbitrator may establish the rules of procedure and, at the arbitrator's discretion, may require the parties or witnesses to testify under oath.
- d. The arbitrator's decision shall be submitted in writing within thirty (30) days after the closing of the hearing and shall include the decision, rationale, and, if appropriate, relief. The arbitrator shall have no authority to add to or subtract from or extend or detract from the rights of employees covered by this Agreement.
- e. The arbitrator's decision shall be final and binding on the parties.
- f. The arbitrator's fees and costs shall be shared equally by the parties. All other expenses shall be assumed by the party incurring the cost.

Article 12. PERSONNEL FILES

12.1 The College shall maintain one (and only one) official personnel file for each member of the faculty.

12.2 The file will be located in the Office of Human Resources.

12.3 A faculty member will be permitted to review the material contained in his or her file. At the time the file is reviewed, the faculty member shall sign and date a form maintained in the personnel file.

12.4 The College will provide a faculty member with a copy of any document placed in his or her file, unless an original or copy was sent directly to the faculty member. The faculty member may submit a written response to any document placed in the faculty member's personnel file. This response shall also be placed in the faculty member's file.

12.5 A faculty member may be accompanied by an Association representative while reviewing his or her file. In addition, a faculty member may allow a Federation representative to view his or her file provided that the faculty member makes such authorization in writing. The Human Resources Director or his or her designee must be present during any review of personnel files.

12.6 A faculty member may request a copy of his or her personnel file at any time. The copy will be made available to the faculty member within three (3) working days at the current cost per copy.

12.7 Faculty members may also place in their file materials relevant to their academic qualifications, teaching, research, scholarship, and service.

12.8 If a member of the Bargaining Unit considers material in his or her file to be obsolete, because of its age or a significant change in circumstances, he or she may request to the Provost in writing that the material be removed. The Provost shall consider whether the material is still relevant. Material more than ten (10) years old shall be presumed to be obsolete unless the Provost explains to the faculty member why it is still relevant. However, "core documents" such as contracts, legal settlements, and notices of disciplinary action, shall remain in a faculty member's personnel file irrespective of age.

12.9 All material placed in a faculty member's file is subject to the grievance procedure if the placement is alleged to violate this Agreement.

Article 13. TERMINATION: DISMISSAL FOR CAUSE

13.1 The Provost shall inform the faculty member whose tenure or appointment is intended to be terminated, in writing, of the reason(s) for the suggested termination (Notice of Charge). For the period that the faculty member is on contract during the dismissal process, the President may place the faculty member on leave with pay. In cases of possible termination as a result of the Post-Tenure Review Process the faculty member moves immediately to section 13.6 of this article for an appeal process.

13.2 Upon serving the Notice of Charge, the Provost shall notify the Chair of the Tenure and Promotion Council, who will assign no more than 5 members of the Council to conduct the hearing and follow the pre-termination hearing process outlined below. The Provost and the faculty member may challenge any assigned member of the Council on the basis of a conflict-of-interest, such as a current relationship, which might lead to the appearance of bias on the part of the Council member. The Chair shall evaluate the possible conflict of interest, make a decision whether the council member shall serve or be replaced, and so notify the parties within three (3) working days of receipt of the objection.

13.3 The faculty member against whom the Notice of Charge is directed shall submit a written response to the charges within ten (10) working days after receiving the Notice of Charge and shall state in the response whether the Faculty member will be represented by a union representative, attorney or other advisor at the hearing. If the faculty member does not submit a written response to the charge, the council shall consider if the stated grounds constitute adequate cause directly and substantially related to the fitness or competence of the faculty member and it may conclude without further inquiry that dismissal would be proper. At its discretion, however, the Council may investigate the charges and request that the Provost provide additional evidence. Within ten (10) working days following the faculty member's failure to respond, the Council shall forward its recommendation, with the reasons stated, to the Provost for further action.

13.4 If the faculty member submits a written response to the charges, the hearing procedures set forth shall be followed. In the proceedings, the College will be referred to as the "Complainant" and the faculty member will be referred to as the "Respondent". The Administration has the burden of demonstrating adequacy of cause based on the evidence in the record under a preponderance of the evidence standard. The hearing procedures are listed below.

- a. After receiving the faculty member's written response the Chair of the Tenure and Promotion Council shall schedule a hearing to occur as soon as practicable, but not more than (20) working days after receiving the written response. The notice of the hearing shall be served in adequate time for the parties to provide all information required by subparagraph (d) below.
- b. The Faculty member may request either a private or a public hearing.
- c. Neither the Rules of Evidence nor the Rules of Civil Procedures shall apply to the hearing.
- d. At least ten (10) working days before the hearing, each party shall provide the Council and the other party with the information listed below.
 1. List of intended witnesses, or a statement that no witness will be called. No witnesses other than those on the list may testify without the consent of the Council.
 2. Any statement of an absent witness. If such a statement is submitted, the

other party may submit a further statement by that witness at least five (5) working days before the hearing, if obtained. If the absent witness does not cooperate in the submission of a further statement, the other party may request that the absent witness's statement not be accepted by the Council. This paragraph does not preclude a witness from testifying regarding witness statements gathered during the investigative process.

3. Copies of documents the party plans to introduce into evidence. No other documents may be introduced without the consent of the Council and without a demonstration of good cause that the evidence was new or could not be obtained with due diligence before the deadline.
- e. The order of the hearing shall be as described below.
 1. Opening Statements
 2. Complainant's presentation of case
 3. Respondent's presentation of case.
 4. Rebuttal by complainant, if any.
 5. Rebuttal by respondent, if any.
 6. Closing arguments by complainant with the option to reserve time for rebuttal arguments.
 7. Closing arguments by respondent.
 8. Rebuttal argument only if time reserved.
 - f. The Council may exclude unfair, irrelevant, or duplicative evidence but will not be bound by judicial rules of evidence. The Council may reasonably and evenly set time limitations on the hearing and each component of the hearing.
 - g. Parties shall have the right, within reasonable limits, to question all witnesses. Statements of absent witnesses shall be allowed only if provided in advance (as by being available for questioning and for an additional written statement if desired by the opposing party).
 - h. All parties shall have the right to be present at the hearing and to be accompanied, advised and/or represented by an attorney, other representative or, in the case of the faculty member, a union representative.
 - i. Witnesses shall be present only to testify.
 - j. A verbatim record of the proceedings shall be made; an audio or video recording shall suffice and a written transcript is not required. A copy of all exhibits introduced during the hearing shall be preserved for review.
 - k. After the conclusion of the hearing, the Council shall recess for closed deliberations. All decisions of the Council shall be by majority vote, the Chair voting in case of a tie. The Council shall issue a written recommendation of its findings to the President within three (3) working days of the conclusion of the hearing.

13.5 Role of the President. The President of the College will consider the findings and recommendation of the Council and may review the record and exhibits of the Council hearing. The President shall inform the faculty member of the intended action by the College. If the President decides upon dismissal of a non-tenured faculty member, a Notice of Dismissal will be issued to the faculty member and employment will be terminated effective with the Notice of Dismissal. Within five (5) days of the Notice of Dismissal, the faculty member may request a list of reasons for dismissal. If the President decides upon dismissal of a tenured faculty member, a Notice of Dismissal will be issued to the faculty member containing the reasons for dismissal and employment. Unless appealed, termination will be effective ten (10) working days from the date of the Notice of Dismissal.

13.6 Appeal to the Board of Regents for tenured faculty members. The tenured faculty member may appeal his employment termination to the Board of Regents by submitting a written request within five (5) working days of the President's decision. Such appeal shall be decided by the Board based on its review of the record and exhibits of the Council hearing and the President's reasons listed in the Notice of Dismissal. No additional testimony, exhibits or presentation will be received by the Board. The Board shall meet within twenty (20) calendar days to consider the appeal. Within fifteen (15) calendar days of the Board's review of the appeal, the Board shall notify the faculty member and the Provost, in writing, of its decision with respect to the appeal; and its decision shall be final and binding on the parties.

13.7 Any bargaining unit member may grieve the dismissal in accordance with Article 11 (GRIEVANCE PROCEDURE).

Article 14. SENIORITY

14.1 Seniority shall be defined as the total length of time of continuous full-time employment in a tenure-track position at the College.

14.2 Seniority credit shall commence with the full-time faculty member's most recent date of full-time employment as described in paragraph 14.1. above.

14.3 Time spent on paid leave shall be counted for seniority purposes.

14.4 Time spent on approved unpaid leave shall not constitute a break in continuous service but shall not be counted for seniority purposes.

14.5 The College will maintain a seniority list of all faculty members in the bargaining unit ranked in order of seniority within each contractual academic discipline.

14.6 Upon request, the College will provide the Association with a copy of the faculty seniority list.

14.7 Seniority shall be forfeited in circumstances, including, but not limited to resignation, termination, or retirement.

14.8 Seniority is not lost in the situations below:

- a. A faculty member is part of a reduction in force and is subsequently rehired. In such a situation, the individual retains the seniority he or she had when terminated.
- b. A faculty member moves into an administrative position and back to a faculty position. In such a situation, the individual accrues seniority as if he or she stayed in a faculty position.

Article 15. REDUCTION IN FORCE

15.1 The College shall have the right to reduce its employment and, if necessary, discharge or terminate employees as a result of a reduction in force (RIF).

15.2 When the College anticipates a RIF that will result in the discharge or termination of faculty members in the bargaining unit, the College will notify the Federation in writing of the anticipated RIF at least twenty (20) workdays prior to the implementation of the RIF. The notice shall include the affected program(s), faculty member(s), the expected date of the RIF, and a brief description of the circumstances necessitating the RIF.

15.3 Prior to the implementation of the RIF, the Federation may submit recommendations regarding downsizing or formally discontinuing a program or department of instruction and will be sent to the Vice President of Academic Affairs for consideration. The Faculty Senate will be notified of this recommendation as well. Every faculty member shall be associated with one academic program at NNMC and this will be documented with Human Resources.

15.4 The Federation may request in writing to meet with the College President and/or designee to discuss possible alternatives to the RIF, provided such request is made no later than five (5) workdays after the receipt by the Federation of the College's notice of intent to RIF.

15.5 The College will consider ways of avoiding the need for a RIF through the use of both voluntary and involuntary transfers.

15.6 The determination as to which faculty member is to be laid off shall be based on factors including, but not limited to, the following: education (advanced education and training related to the field); relevant employment experience; full certification or licensure; evaluations; additional certification, outside activities related to the field or program being affected; and, program needs or requirements.

15.7 The College will attempt to place the affected faculty member in a vacant full time position for which they qualify. If an affected faculty member does not accept an offered position, they shall have no recall rights under this article.

15.8 Whether the Federation exercises its option to meet with the College in accordance with 15.3 above or not, the Federation may submit recommendations or alternatives to the RIF.

15.9 A faculty member laid off as a result of a RIF shall have recall rights for a period of no longer than one academic year from the effective date of the RIF. The factors used for determining the order of recall shall include, but not be limited to, those enumerated in 15.5. above. A faculty member notified of recall shall have fifteen (15) calendar days to accept the position. A faculty member who refuses an offered position shall have no further rights to employment. Failure to respond within the time frame shall be considered a refusal of employment.

15.10 Upon lay-off, a faculty member may continue to participate in health insurance benefits by contributing the full premium in accordance with the provisions of COBRA.

15.11 Upon request, a laid-off faculty member shall be placed on the College's approved substitute and adjunct faculty lists.

15.12 The Provost may identify programs for review. Program Review should include information on costs, enrollment, student-faculty ratios, societal need, program quality and other criteria appropriate to the particular situation.

Article 17. ACADEMIC CALENDAR AND WORK YEAR

17.1 The work year is normally defined by the academic calendar, which is approved by the Administration after consultation with the Federation.

17.2 The academic calendar for Fall shall begin with the convocation week and shall end with the date that final grades are due for the Spring semester. Faculty are required to attend the Fall and Spring convocation week events and the Fall and Spring Graduation ceremonies.

17.3 The following holidays will be observed during the term of this Agreement:

Article 18. WORKLOAD

Faculty workloads shall be distributed among all faculty members. The preparation of teaching schedules shall be the responsibility of the Dean and the Department Chairperson. The Dean and the Chairpersons will consider recommendations from faculty members. The College shall continue to notify the faculty member of his/her tentative teaching schedule. Changes in faculty member's teaching schedule may be made as the need arises and faculty shall be notified of said changes. The final determination of teaching schedules shall be made exclusively by the College. Monitoring of workloads is the responsibility of the supervisor and is intended to ensure that responsibilities are equally distributed. With approval of the Provost, the Dean may grant release time for special assignments or responsibilities.

Normal working hours are between 8:00 am and 5:00 pm, Monday through Friday, unless the faculty member teaches evening or weekend classes, in which case the hours must be kept as appropriate for that faculty member's normal teaching schedule. Any proposed deviation from these requirements must be justified in writing and approved by both the Chair and the Dean.

The College does not attempt to enforce an eight-hour working day for faculty. However, faculty members are employed on a full-time basis and are required to be available when they are under contract during normal working hours including periods when classes are not in session and the college is open.

Faculty members are required to attend the Fall and Spring convocation week events and the Fall and Spring Graduation ceremonies. Faculty members are required to attend one "Assessment Day" per academic year and it shall be scheduled in the Academic Calendar.

The workload distribution will be determined in coordination with the supervisor based on the following four criteria:

- Teaching effectiveness. The teaching of students is central to the mission of NNMC. Given the mission of the College, candidates must demonstrate excellence in teaching, including assessment of student learning. Classes are to be met as scheduled including final exam week.
- Advising. Faculty must be committed to the academic well-being of students. Effective advising helps create an environment that fosters student learning and student retention.
- Service to the College community. Faculty members are expected to provide service to the College, its students, programs, and professional disciplines, as collegial and constructive members of the College and the broader community.
- Scholarship, mastery of discipline, professional development, and research. All faculty should be positively engaged in their disciplines and should be recognized for their expertise.

In particular, the teaching load is determined with the following parameters:

18.1 Academic Year Teaching Load

The normal teaching load for full-time faculty is twelve (12) credit hours per semester (not to exceed 12 credit hours). When appropriate or mandated by an outside governing body, supervisor may approve 12 contact-hours as an exchange of physical presence on Campus for student advisement, accreditation, recruitment or other activities.

Release time may be granted by the Dean with approval of the Provost for program/departmental initiatives that include program development, grants writing and/or grants management.

When a faculty member is teaching two or more scheduled classes at the same time, only one of the classes will be counted in the workload computation. Workload for courses that are co-taught will be calculated equally by dividing the normal workload of the particular course by the number of faculty members teaching it or in a pro-rated way if the workload is not equally distributed among the faculty members. In special situations, such as co-op courses, lab courses, field experiences, capstones, independent studies, and practicums, the workload credit hours shall be computed by the Chairperson or Dean with the Provost's approval. The Faculty Senate will develop guidelines on credit hours equivalences for the above-mentioned special teaching assignments, that shall be negotiated between the Federation and NNMC Administration in Spring 2020.

Full-time faculty members shall be present on campus for all professional duties and obligations, including but not limited to classes, departmental meetings, accreditation work, and faculty meetings called by the Dean/Provost or President. Full-time faculty shall schedule a minimum of five (5) hours per week, in person on campus, for office hours. Office hours shall be posted on their office door and online on Self-Service Banner.

18.2 Teaching Overload

When a faculty member teaches in excess of twelve (12) credit hours during a semester, the department Chair or Dean may approve the overload. However, to determine if an overload exist, all courses taught by the faculty member will be considered and the twelve (12) credits of the normal teaching load will be determined by the courses with the highest enrollment. The courses that will be paid as overload will be those courses with the lowest enrollment. The compensation for an overload is addressed in Article 36 (COMPENSATION).

18.3 Student Advising

Each faculty member shall serve as an advisor to students. Advisors shall assist students in course selection, scheduling, and in meeting requirements for certificate or degree programs. When necessary, students shall be referred to the appropriate support services for assistance. Full-time faculty shall schedule advisement hours every semester. Advising hours shall be posted on their office door and on Department Website.

18.4 Class cancellations

In order to meet accreditation standards, faculty members shall not cancel scheduled classes in any circumstances without prior written supervisor approval. For absences that are approved in advance by the program or department chair, instructors should find an acceptable substitute for their classes or obtain the chair's approval for an alternate means of making up the student contact hours. For unanticipated absences such as illness or family emergency, instructors must notify the program or department chair or academic dean as soon as possible so that arrangements can be made regarding classes and other scheduled activities. Instructors should find an acceptable substitute for their classes or obtain the chair's approval for an alternate means of making up the student contact hours. Failure to notify the program or department chair of a missed class meeting or excessive absences from class obligations may result in disciplinary action.

18.5 Course delivery/schedule changes

Faculty members shall not change the delivery method of instruction or the approved schedule of classes and assigned classroom under any circumstances without prior written supervisor approval and without advance notification to the office of the registrar.

18.6 Academic year contract

Faculty members are engaged and paid on the basis of an academic year contract, including days when the College is open and classes are not in session. Supervisors may require attendance any day during the term of the contract.

18.7 Contract length

All contracts shall be issued for one academic year (9-months). For additional months of service, the College will issue a supplemental contract. For compensation refer to Article 36 (COMPENSATION).

Article 19. FACULTY EVALUATION

Evaluation of faculty members will be consistent with NNMC's Mission, Vision, Strategic Goals, and Core Values.

19.1 Types of Evaluation

a. Annual Evaluation

1. Tenured Faculty: All tenured members of the Bargaining Unit will participate in an annual evaluation. This evaluation will be formative, with plans implemented to develop and intensify the skills of the faculty member. The annual evaluation of faculty members forms a part of all other forms of evaluation like Post-Tenure review.

2. Tenure-track Faculty: All tenure-track members of the Bargaining Unit will participate in an annual evaluation. This evaluation will be formative, with plans implemented to develop and intensify the skills of the faculty member. The annual evaluation of faculty members forms a part of all other forms of evaluation like Tenure review.

b. Reappointment Review. All tenure-track faculty members are considered probationary appointments until granted tenure. Such appointments are subject to renewal on an annual basis at the sole discretion of the College. The decision regarding renewal must be made by May 15th.

19.2 Timeline for Evaluation and Reappointment Review

The evaluation for Bargaining Unit faculty includes two stages: pre-evaluation and evaluation by supervisor. During the tenure and post-tenure review processes, evaluation by the Academic Department (or College when applicable) and by a Tenure Council is added as additional evaluation stages as explained in Article 20 (FACULTY RIGHTS TO TENURE).

a. Faculty members, by the end of the second week of March, will submit a Report of Activities to their supervisor. The supervisor will schedule an evaluation meeting which must be completed before April 30th. Concurrently with the evaluation process, the supervisor will perform the pre-evaluation process which consists only on setting up the goals for the following academic year. For new faculty members, the Pre-evaluation will be done no later than August 30th of their first year.

b. The supervisor will make a reappointment recommendation for probationary faculty. If the supervisor recommends reappointment and there is any area in the Evaluation that was rated "unsatisfactory" or "needs improvement", a corrective action plan will be submitted to the Office of the Provost and the Office of Human Resources no later than May 15th. For tenured faculty, a corrective action plan will be assigned to address any area that is rated "unsatisfactory" or "needs improvement". If there is any area in the Evaluation that was rated "unsatisfactory" or "needs improvement", a corrective action plan will be submitted to the Office of the Provost and the Office of Human Resources no later than May 15th.

c. For probationary faculty, the reappointment recommendation made by the supervisor

will be first evaluated by the Dean and the Dean will make a recommendation to the Provost. The decision of the Provost is final and will be communicated to the faculty member in writing no later than May 15th. The only grounds for appeal available to the faculty member are for an alleged violation of this Agreement. Such appeals are sent through the procedures outlined in grievance process (Article 11 of this Agreement).

Article 20. FACULTY RIGHTS TO TENURE

Tenure serves to ensure faculty and institutional stability, secure justice for its individual members, insure the welfare of students, protect academic freedom and promote the interests of the public. Faculty members achieve tenure at the College by consistently fulfilling faculty duties and actively participating in the development and shared governance of the College.

This article takes into consideration the 1940 Statement of Principles on Academic Freedom and Tenure of the American Association of University Professors. (<http://www.aaup.org/aaup>)

20.1 Faculty Ranks

NNMC has two faculty ranks: Assistant Professor and Associate Professor. The Faculty Senate will develop a process for promotion from Associate Professor to Full Professor that shall be negotiated between the Federation and NNMC Administration in-2020.

20.2 General Guidelines

a. Tenure Track: Appointment to the tenure track is made at the time of the initial appointment to the rank of Assistant Professor unless a different rank is determined by the Provost at the time of initial offer of employment. The rank determined by the Provost cannot exceed the rank held at a previous academic institution. All faculty positions at this level at the time of their appointment shall be considered tenure track. Faculty on the tenure track must be classified as full-time, which is denoted by service on a 100% workload basis for a fiscal or an academic year contract.

b. Annual Review of Faculty: This review is intended to facilitate non-tenured faculty toward tenure and tenured faculty toward promotion. See Article 19 (FACULTY EVALUATION).

c. Classification of Rank: Academic rank refers to tenure or non-tenure-track faculty whereas administrative titles carry no rights of tenure. However, an administrator drawn from a tenured faculty rank shall retain their tenure.

d. Evaluation of Candidates for Promotion and Tenure: For promotion and tenure, candidates will be evaluated by the committee for evidence of excellence in their performance of assigned duties that include teaching, advising, institutional and community service, and mastery of discipline and scholarship.

e. Purpose of Tenure: Tenure ensures the academic freedom that is essential to an atmosphere of intellectual pursuit and the attainment of excellence in the college. In addition, tenure also reflects and recognizes a candidate's potential long-term value to the institution, as evidenced by professional performance. Tenure will be granted to faculty members whose character and achievements in serving the College's mission warrant the institution's reciprocal long-term commitment.

f. Meaning of tenure: Upon being awarded tenure, the faculty member attains the status of presumed continued employment as a member of the faculty, except for reasons of just cause or where conditions exist beyond the College's control.

g. Date of Eligibility for Tenure: Tenure is granted for achievement in academic and professional pursuits, not for years of service. Faculty members will be considered for tenure in their fifth year, but no later than their seventh year on tenure track. Faculty who were hired under the 2008 Faculty Handbook with the 3-5 year tenure timeline, will be given the option to choose from either the 3-5

year timeline or the 5-7 year timeline, but the decision must be made by the end of the 2017-18 academic year. The Faculty member cannot change his or her timeline choice after his or her decision is made. It is the faculty member's responsibility to send his or her decision in writing to his or her Dean or Chair. If the notice of the decision is not provided by the last day of the academic year, by default, the candidate will adhere to the 5-7 year timeline. If tenure is not granted, the faculty member may be offered a one-year terminal contract. Under extenuating circumstances, such as illness, a faculty member can request of the chair of the Tenure Committee that the tenure timetable be extended. The Tenure Committee will make a recommendation to the Provost, who will make the final decision on the recommendation. Time spent in the capacity as an adjunct faculty cannot be counted as time toward tenure.

h. Faculty Previously Tenured at Other Institutions: Faculty members hired into a tenure-track position, who have already earned tenure from a former institution, may be appointed with tenure at NNMC upon recommendation from the department following the procedures described in his article, after a probationary period of at least one year.

Faculty who were hired into a tenure-track position at a previous college or university may be credited with the years of experience at that institution towards tenure.

Applications may be submitted to the Tenure Committee by the second week in January and must include the following documents:

- Letter of application for tenure at NNMC
- Official documentation confirming tenure status at previous institution
- Summary of accomplishments at NNMC in the four areas of evaluation (teaching, advising, service, and scholarship)
- Current CV
- Letter of recommendation from Chair or Dean
- Letters of recommendation from two tenured NNMC faculty (within one's department, if possible)
- Letters of recommendation from students, external references, faculty or staff (optional)

The Tenure Committee will forward its evaluation of the tenure transfer application to the Provost by the third week in February and will report to the faculty applying for tenure transfer the results of the evaluation. If the Tenure Committee does not recommend tenure transfer, the committee will include in its report an explanation for this decision.

Once the recommendation for tenure transfer has been submitted to the Provost, the tenure transfer application will follow the tenure timeline and procedures as outlined in the section "Timeline for Advancement to Tenure" in this article.

20.3 Academic Division Criteria for Tenure and Promotion

All faculty seeking promotion and tenure in academic departments must hold a terminal degree in their area of expertise to be determined by the Office of the Provost in consultation with the department or college according to accreditation criteria.

Faculty seeking tenure will submit their dossier according to the section "Timeline for Advancement to Tenure" in this article. Any tenure-track faculty hired before January 1, 2019 with at least a master's degree in the field of their teaching shall be grandfathered and may apply for tenure.

The dossier must include a candidate profile with the following documents:

- Letter of application to Tenure and Promotion Council
- Summary of Tenure Packet
- All annual evaluations for the years in the tenure-track line
- Letter from the Human Resources Department confirming eligibility
- Current Curriculum Vitae
- Letters of recommendation (These letters should be from Department Chairperson/Supervisor, and/or Dean; Committee Chairs; and Colleagues. Letters from students or from external references may also be included).

In addition to the candidate profile, the dossier should address the following four criteria:

- i) Teaching effectiveness;
- ii) Advising;
- iii) College, public and community service;
- iv) Scholarship, mastery of discipline, professional development, and research;

The specific weights for each of the criteria are determined by each Academic College and specific Academic Department (when it applies).

Faculty must be committed to the academic well-being of students. Effective advising helps create an environment that fosters student learning and student retention. The formal and informal advising and mentoring of students is an indispensable component of the broader education at the College.

To demonstrate excellence in student advising, faculty must provide the following documents:

- Number of students advised
- Advisement logs or narratives

Faculty may include documents to demonstrate their efforts as pertaining to the following list, which is illustrative rather than exhaustive:

- Meeting with all assigned advisees
- Performing degree audits
- Contacting unregistered advisees
- Documenting the meeting with advisees
- Advising students that are not candidate's advisees in the absence of the primary advisor
- Mentoring or tutoring students
- Assisting students in selection of courses and career options
- Implementing special review sessions for students
- Keeping an "open door" policy toward students
- Advising all majors of your department
- Advising evening students

iii) College, Public, and College Community Service

Faculty service is essential to the College's success in serving the institution and the community. It is the responsibility of individual faculty member to perform a broad array of services that are vital to supporting and sustaining the quality and effectiveness of the College. Faculty members are expected to provide service to the College, its students, programs, and professional disciplines, as collegial and constructive members of the College and the broader community. Examples include service in faculty governance, union governance, college committees, professional organizations, governmental entities and community non-profit agencies. Each Academic College and specific Academic Department

(when it applies) may have additional or specific requirements. The following lists are illustrative rather than exhaustive:

- Participation in activities that increase the desire of non-college students to attend college
- Participating in student recruitment efforts

iv) Scholarship, Mastery of Discipline, Professional Development, and Research

Faculty with assignments in research will be evaluated by the standards appropriate to the field. All faculty should be positively engaged in their disciplines and should be recognized for their expertise. Each Academic College and specific Academic Department (when it applies) may have additional or specific requirements. The following are examples of professional development and scholarship. The list is illustrative but not exhaustive:

- Presentations at conferences, professional agencies or institutions

- Demonstrated growth in subject matter
- Demonstrable command of subject matter
- Contributions to curriculum development
- Demonstrable quality improvement in teaching strategies incorporating new technologies (where applicable) and new approaches to learning

When Academic Colleges and Academic Departments have specific requirements for the four criteria (including a different weighting system for each factor), those requirements will be published on the NNMC website (faculty resources section) and the Tenure and Promotion Council will use them during the applicant's dossier evaluation.

20.4 Tenure and Promotion Council

During the fall of the academic year, a five-member Tenure and Promotion Council will be elected from the Tenured Faculty of the Academic Division of the College. All tenured faculty are eligible to serve on the Council with no more than one representative from a department. The Council member will serve a three-year term. With the approval of the Provost and in consultation with the appropriate Dean, the Tenure and Promotion Council may include non-voting members who are external tenured faculty members with another institution as consultants in the area of expertise of the applicant.

If a Tenure Council member is aware of a conflict of interest, he or she has an obligation to recuse his or herself from the review of a particular applicant. The Tenure Committee can also request that a Tenure Council member recuse his or herself by a majority vote. In addition, a faculty member can only vote on the Tenure and Promotion Council if he or she has not voted on the candidate at the departmental level.

It is understood, for a variety of reasons, there might exist a conflict of interest between tenure applicant and a member of Tenure Council. In this case, the tenure applicant can petition to remove one Tenure Council member only from the review of said applicant's tenure portfolio and on subsequent recommendations of tenure vote. In this case, the Tenure Committee will appoint a temporary replacement member by a majority vote prior to taking a majority vote to determine if the petition should be granted.

20.5 Timeline for Advancement to Tenure

- a. To assist eligible tenure-track faculty in preparation for the actual application for tenure and promotion, an ad-hoc committee formed from the Tenure Committee and Personnel Committee members shall be formed in Fall 2019 in order to develop a formal pre-evaluation procedure. Proposed pre-evaluation procedure shall be negotiated between the Federation and NNMC Administration in Spring 2020.

b. Eligible faculty members in their 5th year but no later than 7th year on the tenure track must meet college-wide criteria and additional specific criteria published by their departments. See Section “General Guidelines” for the timeline applicable to faculty hired under the 2008 Faculty Handbook. Department Chairs will provide a current copy of the criteria for promotion and tenure to each tenured and tenure track faculty member in their department, to the Tenure Committee, and to the Office of the Provost. To apply for promotion and/or tenure, the eligible faculty member (hereafter candidate) will provide a dossier to the department chair by the last week in September. The candidate will prepare a dossier (no more than one three-inch-thick, three-ring binder plus any supporting materials) showing fulfillment of the tenure requirements. If no chair is present, the dean will designate a tenured faculty member (preferably within the department) to initiate the departmental review. The dean can also serve as the convener. We henceforth denote the chair or designee as the convener.

c. The convener and tenured faculty within the department will have until the end of the third week in October to evaluate the dossier. The evaluation will include a record of all votes (for, against, abstention and absent) in the departmental review of the candidate. The convener also records the justification for the final departmental decision referencing the strengths and weaknesses of the candidate.

d. The convener sends a letter to the candidate and Tenure and Promotion Council, summarizing the departmental review by the fourth week in October. The candidate’s dossier is also given to the Tenure and Promotion Council. The convener on behalf of the department will provide a completed rubric or evaluation tool which summarizes the evaluation of the candidate by the department.

e. By the first week of the spring semester, the Tenure and Promotion Council sends its recommendations to the Dean and Provost, along with the recommendation of the department. Tenure candidates must receive at least one positive recommendation from either the department or the Tenure and Promotion Council in order for the candidate’s tenure application to be considered for tenure review by the Provost. Candidates who do not receive a positive recommendation from either the department or the Tenure and Promotion Council will not be recommended for tenure.

f. By the last day of February, the Office of the Provost informs the faculty member of the recommendation (positive or negative) in writing.

20.6. Actions of the Board of Regents

Tenure is awarded only by positive action of the Board of Regents upon recommendation of tenure by the President. Such action must be taken no later than the seventh provisional year, on or before April 30th. Following the Board of Regents’ action, the Provost provides official notification to the candidates and their supervisors, Chairperson, Dean, and to the chair of the Tenure and Promotion Council. Assistant Professors who are granted tenure will be promoted to the rank of Associate Professors.

20.7 Denial of Tenure

If tenure is not awarded, the faculty member may be offered a one-year terminal contract.

Denial of recommendation of tenure by the Provost or following positive recommendation by Tenure and Promotions Council. If in the course of tenure application, both the department and Tenure and Promotions Council make a positive recommendation to the Provost, and the faculty member is denied a recommendation of tenure by the Provost or President, that faculty member may appeal to the Board of

Regents the decision-within 10 working days from the date of notification in writing that the Provost or President has denied a recommendation of tenure. The faculty member has the right to file a grievance regarding procedural violations related to the Tenure process.

20.8 Privileges of Tenured Faculty

a. The appointment of a tenured faculty member shall run until the member's separation from employment with the College, subject to the following limitations: Any dismissal or non-renewal of the contract of a tenured member of the faculty shall follow the procedure discussed in Article 13 (TERMINATION: DISMISSAL FOR CAUSE) or Article 15 (REDUCTION IN FORCE).

b. Sabbatical leave may be granted to tenured faculty members in accordance with Article 25 (Sabbatical Leave).

c. Tenured faculty members appointed to administrative positions will retain tenure status as faculty. If a tenured faculty member serving in an administrative position returns to a faculty position for which they are qualified, that tenured faculty member returns to the position with tenure. In this case, the faculty member's salary will be determined either by their last salary as faculty member before the appointment to the administrative position or the salary in the faculty salary matrix, whichever is higher. The years served in the administrative roles of President, Provost, or Dean positions will count towards the years of service for the salary matrix when they resume their faculty position.

Article 21. POST TENURE REVIEW

21.1 Purpose of Post-tenure Review

The intent and purpose of post-tenure review is to promote continued professional development, to provide the necessary means for enhancing future achievement, and to recognize excellent performance among tenured faculty. A post-tenure review policy is required for the institution to comply with policy as set forth by New Mexico state statute.

21.2. Policy

Post-tenure review is a cooperative effort in planning, goal setting, reporting, enhancing, and championing the role of faculty at the institution. It is undertaken with recognition and preservation of principles of academic freedom. It is conducted at the Academic College level for the purposes of 1) recognizing faculty performance; 2) enhancing each individual's future achievement; 3) communicating to the faculty member specific areas in need of improvement (if any) related to performance in scholarship, teaching, advising, and service.

21.3 Process:

Post-Tenure Review. Post-tenure review constitutes the evaluation of the faculty member's fulfillment of goals and progress toward both short and long-range goals in teaching, advising, scholarly activity, and service. These shall be formally reviewed according to departmental standards and procedures, and, when necessary, modified during subsequent post-tenure reviews. In addition, the review should identify resources available for faculty to continue to fulfill departmental standards. The supervisor's report of the results of the post-tenure review shall be forwarded to the faculty member, the Dean, and the Provost.

21.4 Performance Ratings

At the conclusion of each annual evaluation, the supervisor shall assess the faculty member's performance using the College's faculty evaluation form with the following ratings.

- Outstanding
- Exceeds Expectations
- Meets Expectations
- Below Expectations
- Unsatisfactory

In the event that the tenured faculty member is being reviewed by a non-tenured supervisor, the faculty member may request that a tenured supervisor be present at or participate in his or her review.

- Outstanding, Exceeds or Meets Expectations Ratings. Supervisors and Deans may determine appropriate means to recognize Exceeds or Meets Expectations performances, and to reward Outstanding performances.
- Below Expectations and Unsatisfactory Ratings in Any Area of the Faculty Annual Evaluation. A Below Expectations or Unsatisfactory rating at any point in the annual evaluation shall be used by the supervisor to indicate a deficiency or deficiencies in the faculty member's performance. The supervisor shall report any unsatisfactory rating to both the faculty member and the dean. This report should include:
 - a. The deficiency or deficiencies
 - b. The necessary actions for the faculty member to undertake
 - c. A list of available resources to assist in the remediation
 - d. A reasonable timeframe for completing the actions

According to Chapter 21, Article 1, Section 21- 7.1-Post Tenure Review Process of the New Mexico Code E: “In the event a faculty member receives an unfavorable evaluation in the area of the faculty member’s teaching, the post-tenure review process shall include: A two-year probation and reevaluation period; and loss of tenure if, during the subsequent probation and reevaluation period, the faculty member fails to demonstrate improvement in the area of teaching.”

To be in alignment with this statute, the following remediation and probation process will be followed for post-tenure review. If a faculty member receives an unsatisfactory rating in any of the categories of the annual faculty evaluation, a two-year probation and reevaluation period will be enforced. If the faculty member fails to demonstrate improvement, a loss of tenure may occur.

21.5 Report

The supervisor shall forward the initial report indicating unsatisfactory performance to the faculty member, the Dean, and the Provost. A subsequent report shall be sent to the same parties at the end of the designated timeframe confirming whether or not the deficiency has been corrected.

21.6 Responsibilities

Supervisors shall use all available departmental, college, and institutional resources to assist the tenured faculty member in remedying the deficiency or deficiencies. Supervisors should be flexible in assessing progress if the tenured faculty member demonstrates good faith efforts. The faculty member is responsible for remedying the deficiency or deficiencies. Failure to remediate within the two-year probationary period will result in institutional action. This action may include loss of tenure and termination from the institution.

21.7 Appeals

The tenured faculty member and the supervisor shall informally attempt to resolve any disagreements regarding performance ratings. If a mutual resolution is not reached with the supervisor, the faculty member may appeal within 10 working days, in writing, to the Dean, or alternatively to the Provost when the Dean is the immediate supervisor.

Article 22. COMMITTEES

22.1 The College President or designee shall determine which institutional (non-Faculty Senate) committees will be established and the responsibilities of those committees.

22.2 When the College deems it appropriate for the Federation to be represented on a College committee, the Federation shall be represented. The number of Federation representatives shall be subject to the mutual agreement of the parties. Upon agreement the Federation President shall be given ten (10) days' notice to appoint representatives.

22.3 The Federation and the College agree that faculty committees may continue to operate according to policy.

Article 23. GENERAL LEAVES

23.1 Paid Leave. Members of the Bargaining Unit shall be entitled to the following paid leave:

a. Sick Leave/Personal Leave

1. Bargaining unit faculty shall be credited with sixteen (16) days of sick leave (computed at 7 hours per day) at the beginning of the academic year, of which three (3) days shall be considered personal leave days. Faculty commencing employment after the beginning of the academic year will be granted pro-rated sick leave.
2. Sick leave may be taken for either personal illness or illness of dependents.
3. Sick leave shall be accumulated up to a maximum of 200 days (1400 hours).
4. Faculty members shall be responsible for immediately reporting an absence to the appropriate Chair, and if unavailable, the appropriate Dean.
5. A faculty member shall be responsible for promptly completing and signing the faculty leave request and returning the request form to the appropriate Chair and if unavailable then to the appropriate Dean. A faculty member will be required to provide a physician's statement for absences of three consecutive days charged to sick leave. If a faculty member demonstrates a pattern of abuse of sick leave, the supervisor in consultation with the Human Resources Office, may require a physician's statement of absence from the faculty member for each absence.

Sick leave may be used only for the following:

- Partial days not worked when an employee, who has been on sick leave, returns to work on a part-time basis while recovering from the illness or injury
- Transporting an immediate family member for medical services
- Caring for an immediate family member, defined as spouse, parent, child, brother, sister or any other person residing in the same household of employee who becomes ill or injured and requires personal assistance from the employee.
- Doctor's appointments and other pre-scheduled health-related absences. An employee requesting sick leave for a pre-scheduled appointment must request the leave at least twenty-four (24) hours in advance unless an emergency situation exists.

Each employee shall be credited with three (3) paid personal leave days at the beginning of each academic year. Personal leave is subtracted from the faculty member's sick leave. Personal leave cannot be accumulated but remains in the sick leave balance if not utilized by the end of the fiscal year. The use of personal leave must be pre-approved by the supervisor. If classes must be cancelled for the use of personal leave, the faculty member will make alternative arrangements for the students. An employee shall not be required to state the reason for the personal leave.

b. Family and Medical Leave Act (FMLA)

The FMLA's purpose is to ensure that workers can meet their family obligations without fear of losing their jobs or being otherwise adversely affected by taking time off. FMLA affords workers the right to take up to 12 weeks off from work to care for themselves or family members during a covered medical event or for certain other family reasons. The faculty member can opt to use their sick leave to continue to receive pay during the leave. The faculty member must contact the Human Resources Department for eligibility requirements.

c. Bereavement Leave

Upon notification to the Chair, a faculty member may be granted up to three (3) days of leave with pay for a death in the faculty member's family. "Family" is defined as spouse, domestic partner, parent, step-parent, child, step-child, brother, sister, father- or-mother-in-law, brother- or sister-in-law, aunt, uncle, niece, nephew, grandparents, or any other person residing in the same household of the faculty member. f. Jury Duty and Required Court Attendance

A faculty member summoned for jury duty or for duty as a witness (other than as plaintiff or defendant) is granted time off with pay. A copy of the summons must be sent to the Human Resources Department. A faculty member is required to return to his or her work location while temporarily excused from attendance in court, unless it is not practical because of the short time between court sessions or between the time court is recessed and the end of the scheduled work day.

g. Domestic Abuse Leave

The College provides domestic abuse leave to any employee who is a victim of domestic abuse in accordance with the New Mexico Promoting Financial Independence for Victims of Domestic Abuse Act, NMSA 1978, § 50-4A-1 thru 4A-8. Domestic abuse leave means intermittent paid or unpaid leave time for up to fourteen (14) days in any calendar year, taken for up to eight hours in one day. Leave time may be used to obtain an order of protection or other judicial relief from domestic abuse or to meet with law enforcement officials, to consult with attorneys or district attorney's victim advocates or to attend court proceedings related to the domestic abuse of the employee, a minor child of the employee, or a person for whom the employee is a legal guardian. When domestic abuse leave is taken in an emergency, the employee or the employee's designee must give notice to the employee's supervisor or the College's Human Resources Department within twenty-four hours of commencing the domestic abuse leave. An employee may use paid leave time or unpaid leave time, consistent with College policies.

Certification or Verification

The College may require verification of the need for domestic abuse leave. If verification is required, an employee must provide one of the following forms of verification in a timely fashion:

A police or security report indicating that the employee or a family member as defined above was a victim of domestic abuse; or 1) copy of an order of protection or other court evidence produced in connection with an incident of domestic abuse. The document does not constitute a waiver of confidentiality or privilege between the employee and the employee's advocate or

attorney; or

2) The written statement of an attorney representing the employee, a district attorney's victim advocate, a law enforcement official or prosecuting attorney stating that the employee or a family member appeared or is scheduled to appear in court in connection with an incident of domestic abuse. The faculty member must contact the Human Resources Department for eligibility requirements.

Confidentiality

The College shall not disclose verification information and shall maintain confidentiality of the fact that the employee or employee's family member was involved in a domestic abuse incident, that the employee requested or obtained domestic abuse leave and that the employee made any written or oral statement about the need for domestic abuse leave. The College may disclose employee's information related to domestic abuse leave only when the employee consents, when a court or administrative agency orders the disclosure or when otherwise required by federal or state law.

h. Governmental Entity

A full-time faculty member who has been duly appointed or elected as a member of a legally constituted State or Federal Board or County, Municipal or Public Utility Commission, shall be entitled to leave with pay when requested to be absent from his employment in order to attend meetings or transact business of said Board or Commission. Such leave does not apply to publicly balloted and elected offices (for example, City Council, County Commission, School District Board of Education, etc.). Any payment provided to the faculty member, other than food and travel expenses, shall either be refused or turned in to the College as reimbursement for the leave with pay.

A faculty member shall not participate in a Board or Commission if such participation will create a conflict of interest for the faculty member or the College or otherwise violates applicable conflict of interest laws. Absence from duty must be approved by the College President or his/her designee and it must not hamper the performance of his/her duties with the College. Such leave shall normally not exceed (2) days per month unless previously approved by the Board.

23.2. Leaves Without Pay

Members of the Bargaining Unit may be entitled to the following unpaid leaves:

a. Academic Leave- An extended leave of absence without pay may be granted an employee for a period not to exceed one (1) year for the purpose of teaching at another educational institution. Upon request, this leave may be extended for a period of not to exceed one (1) additional year.

b. Extended Personal Leave/Leave Without Pay- An employee may be granted an extended leave without pay for extended periods for illness or injury, personal reasons, school attendance, sickness in a family, or other purposes of a personal nature at the discretion of the Provost. A faculty member shall submit a written request for the leave without pay at least two (2) weeks in advance, if possible. Otherwise notice must be given as soon as reasonably practical. Approval may be granted for a limited duration and based on operational needs. While a leave without pay is not recommended, or granted without expectation of reinstatement, reinstatement is not guaranteed. While on an approved leave without pay, the faculty member shall be responsible for the employee and employer cost of medical benefits. A leave without pay shall not exceed one (1) academic year. Time spent on leave without pay in excess of one semester shall not count toward eligibility for tenure or promotion.

- c. In order to become members of the Sick Leave Bank, during the first year of membership faculty members must donate four days (twenty-eight (28) hours) of their accumulated sick leave, based on a seven-hour day. In subsequent years, faculty will donate fourteen (14) hours based on a seven-hour day.

- e. The Dean shall then notify the Payroll Manager in order that the employee's payroll records can be adjusted with the additional sick leave.
- f. If the application is not approved, the Dean will notify the faculty member in writing specifying the reason(s) for the non-approval. The decision of the committee is final.

Eligible dependents including a legal spouse, domestic partner (affidavit of Domestic Partnership must be filed with Human Resources), and any naturally, legally adopted, or step-children who, as of the original application deadline, are unmarried and have not reached age of twenty-five (25). When an employee is no longer married or a domestic partnership is terminated, the ex-spouse or domestic partner is not eligible for tuition benefits under this program, effective with the academic semester following the date of the divorce or termination of the domestic partnership.

The amount of the tuition benefit will be reduced by the amount of tuition waived by any other tuition waiver or tuition scholarship. The amount of an individual's dependent education tuition benefit, plus the amount of any need-based financial aid grants, will not exceed the cost of attendance, as defined by the Financial Aid Office.

Under IRS regulation, the value of tuition benefits may be considered taxable income to the employee. The value of benefit, if applicable, will be included as compensation on the employee's W-2 form filed with the IRS and subject to withholding.

Employee may be granted up to four hours of time off with pay per week to attend one (1) course each semester at the discretion of the employee's supervisor. The employee participating shall forfeit breaks on class days. Supervisors are encouraged to grant permission for such time off, if possible based on workload or other legitimate business reason. If time off is not feasible, supervisors are encouraged to arrange for an Alternative Work Schedule in order for an employee to attend a class during the day, if possible based on workload or other legitimate business reasons. Employee working less than 40 hours per week are not eligible for time off.

Course fees assessed for participation in instructional academic credit courses are not covered. The mandatory student fee portion of tuition and fees is not covered for eligible dependents. Non-resident tuition in excess of New Mexico resident tuition is not covered. Tuition or fees for Continuing Education courses are not covered.

Article 36. COMPENSATION

36.1 Faculty salary increases will be negotiated by the College and the Federation consistent with an effort to reduce salary compression between the ranks, recognize differences in market conditions between disciplines, recognize years of service to the College, recognize years in rank, and address, as appropriate, any other conditions specific to individual circumstances. The shared goal of the College and the Federation is to reach and maintain parity in average salaries with our comparison institutions.

36.2 The College proposes a gradual compensation increase package to get every member in the bargaining unit according to the Salary Matrix below. The table below provides the minimum salaries that faculty members would eventually receive and are based on terminal degree holders and 9-month contracts. The matrix also reflects the different fields, rank, years of service in the specific rank. Any credentials in between the master’s degree and the terminal degree shall not be compensated at the terminal degree level. Salaries for faculty with only master’s degrees shall be calculated by multiplying the correspondent cell in the matrix by a 0.85 factor.

36.3 Compensation for faculty teaching overload and summer session will be based on the following matrix showing rates per credit hour. Any credentials in between the master's degree and the doctorate degree will not be compensated at the doctorate level. Any credentials between the master's degree and the doctorate degree will not be compensated at the doctorate level. A Special Program is defined as a discipline where the market value according to the salary study (refer to <https://nnmc.edu/wp-content/uploads/2018/12/FacultySalaryAnalysisv2.pdf>) demands higher compensation. This includes courses in the following programs: Electrical Engineering, Information Technology, Mechanical Engineering, Business Administration, Nursing, and Nuclear Radiation.

	Bachelor	Master	PhD
Non-special (Theory)	\$ 670	\$ 718	\$ 766
Non-special (Studio/Lab)	\$ 1004	\$ 1076	\$ 1149
Special (Studio/Lab)	\$ 1853	\$ 1986	\$ 2120

35.4 Under normal circumstances, faculty overloads will be limited to eight (8) credit hours per academic year.

36.5 For fully online asynchronous overload courses with enrollments between ten (10) and twenty (20) students, the above matrices will be used. When the online course has less than ten (10) students or more than twenty (20) students, a proportionate rate will be used. For courses with less than ten (10) students, the matrix value above will be multiplied by the factor equivalent to the value of the division of the number of enrolled students divided by 10. For courses with more than twenty (20) students, the matrix above will be multiplied by the factor equivalent to the excess of students beyond twenty (20), i.e., the enrolled number of students minus twenty (20), divided by twenty (20).

For fall and spring semesters, the number of enrolled students that will be used for the calculation is the one on the second Monday of classes. For summer terms, the number of enrolled students that will be used for the calculation is the one the first Thursday of classes.

36.6 Overload courses will be eligible for a stipend for fully online asynchronous courses. The stipend will be paid at \$150 per credit and \$75 for hybrid courses per credit that are delivered at least 50% online. Faculty members shall only teach online or hybrid if they have completed the Blackboard Institute or online teaching experience is demonstrated and approved by the Dean and Provost. Online courses shall be approved by the established course peer review process established by the Office of Distance Education.

36.7 For traditional face-to-face overload courses at or above the minimum enrollment required, the matrices in section 36.3 of this article shall be used. Otherwise:

a) For non-College of Nursing and Health Science courses when a course has less than ten (10) students, a proportionate rate shall be used instead of cancelling the course. For courses with less than ten (10) students, faculty will be paid one tenth (1/10) of the matrix value per each enrolled student.

b) For College of Nursing and Health Science courses: When a non-clinical course has less than ten (10) students, a proportionate rate shall be used instead of cancelling the course. For lower-division non-clinical courses with less than ten (10) students, faculty will be paid one tenth (1/10) of the matrix value per each enrolled student. When a lower-division clinical course has less than six (6) students, management will pay a proportionate rate instead of cancelling the course. For lower-division clinical courses with less than six (6) students, faculty will be paid one sixth (1/6) of the matrix value per each enrolled student.

c) For College of Education programs: For capstone courses with less than six (6) students, the matrix value above will be multiplied by the factor equivalent to the value of the division of the number of enrolled students divided by 6.

36.8 Faculty members on a 9-month contract who receive contracts for additional months of service related to their primary duties will be paid pro-rated (1/9) of their base salary, for each additional month of service (no more than 3 additional months).

36.9 Faculty non-teaching overloads will be compensated based on the contract requirements approved by the Chair, Dean and Provost.

36.10 Salaries funded by Federal Grants and Federal Contracts are regulated by the Code of Federal Regulations.

36.11 The Parties agree to re-open salary negotiations no sooner than 10 days after the Governor signs a budget bill passed by the New Mexico Legislature providing for additional funding for compensation for unit members of the College.

36.12 In future salary negotiations, the College and members from the collective bargaining unit commit to exploring equitable distributions of salary increases which may remedy inequitable distributions and/or salary structures implemented in previous years.

All other provisions not affected by the illegal provision shall remain in full force and effect.
