Which Path Will You Take?

AA Liberal Arts Suggested Academic Pathways

Did you know that NNMC offers an AA Liberal Arts program? Are you currently majoring in AA Liberal Arts, but unsure what this program offers?

First of all, this program includes 17 credits of electives where you can explore different disciplines. We have created Academic Pathways that can help focus that exploration! These pathways suggest electives that fall into certain disciplines. Remember, the pathways are just suggestions for the electives.

For example, you may be interested in the social sciences, but unsure of exactly what major to pursue. Check out our Social Sciences Academic Pathway! You may be interested in the arts but not ready to select a precise degree. Investigate our Humanities and Arts Academic Pathway! The electives here will introduce you to some possibilities within this field and help you find your passion. Additionally, we offer a Health Professions Pathway, if you want to explore possibilities within that general field.
